

Proofs and Press Sheet Inspections is a one day class that provides insight into the ins and outs of proofing systems and press sheet inspections.

What You Will Learn

This course includes a discussion of proofs and proofing systems and the relationship between proofs and press sheet inspections (PSIs). It covers what a PSI is and is not, scheduling of PSIs, PSI procedures, current proof standards and examples, and advice for agency representatives. Agency products and press sheets are discussed and various press sheets are used in demonstrations. This course may be assisted by a member of GPO's Quality Control area.

Topics include

- Proofing systems
- Press Sheet Inspections
- Proof Standards

Target Student

This class is ideal for federal employees and approved contractors who review proofs or participate in PSIs. Basic familiarity with printing terminology and processes is necessary for this seminar to have full value.

Prerequisites: For those who do not have a good working knowledge of printing and electronic publishing terminology, the Printing Workflow: Processes, Terminology and Ordering Printing is strongly recommended prior to this class.
